

The attached report was run from ICIS and shows no HPVs. However, IDEQ reported the following HPVs on Nov 8, 2016. Although this information may have changed, I don't believe that it has:

DOE-INL, ATR	SCOVILLE	023-00001
MOUNTAIN HOME AFB	MOUNTAIN HOME	039-00001

DOE-INL, ATR = U.S. Dept. of Energy- Idaho National Lab, Advanced Test Reactor building.
MOUTAIN HOME AFB = U.S. Dept of Air Force, Moutain Home Air Force Base.

The numbers are listed as the facility ID numbers assigned by IDEQ.
